HOW TO ENQUIRE

Step 1: **Inspiration**

Every great project starts with inspiration! Perhaps you have a picture you love, a brand colour palette to incorporate, or you've fallen for one of our signature themes. Maybe you've even created your own mood board to bring your ideas together. But don't worry if you're not sure where to start—our expert team can do the hard work for you. Simply email or call us, and our dedicated Christmas design team will arrange a consultation to discuss your vision.

Step 2: **Mood Board**

Once we've gathered your ideas, we'll create a bespoke mood board to bring your festive concept to life. This step helps visualise the colours, textures, and overall design for your decor. To make your project truly unique, we can incorporate personalised elements such as bespoke printed wrapping paper, custom ribbon, or even branded baubles to align with your theme or brand identity.

Step 3: **Costing**

With your mood board finalised, we'll provide a detailed costing breakdown tailored to your requirements. We're committed to transparency and flexibility, working within your budget to deliver the highest quality design. We also offer varying contract options, including one-off installations or longer-term agreements such as a three-year contract, which can provide cost savings and ensure your decor is beautifully refreshed each year.

Step 4: **Booking & Scheduling**

Once everything is approved, we'll book your project into our schedule and confirm all the details, including installation and removal dates. Our team will handle every aspect of the process to ensure a seamless and stress-free experience. All you need to do is look forward to enjoying your beautifully designed festive decor.
